PROFESSIONAL SUMMARY

Final-year Computer Science (Data Science) student with hands-on experience in machine learning pipelines, feature engineering, and model deployment. Proficient in Python, Scikit-learn, TensorFlow, and FastAPI, with a strong foundation in Data Structures and Algorithms backed by 200+ LeetCode solutions and a Top 100 placement in national hackathons.

EDUCATION

Rajeev Gandhi Memorial College of Engineering and Technology 2023 – 2027
B.Tech – Computer Science and Engineering (Data Science), CGPA: 8.33 Nandyal, Andhra Pradesh

SKILLS

Languages: Python, Java, C, SQL

AI & Machine Learning: Machine Learning, Deep Learning, Natural Language Processing

Libraries: NumPy, Pandas, Scikit-learn, Matplotlib, TensorFlow, Keras

Frameworks & Tools: FastAPI, Git, GitHub, Jupyter Notebook, Google Colab, VS Code

PROJECTS

Intelligent Document Analysis System

Python, SentenceTransformers, FAISS, React

Aug 2025

- Developed a semantic search system for large PDF datasets using SentenceTransformers embeddings.
- Implemented FAISS vector indexing for efficient similarity search across document sections.
- Built an LLM-assisted insight generation pipeline for contextual document question answering.
- Developed a React interface with PDF viewer and snippet navigation for relevant sections.

VisioVoice – Blind-First Spatial AI Assistant

FastAPI, Azure OpenAI Vision API, Azure Speech-to-Text, Azure Text-to-Speech, React

March 2026

- Built a spatial perception pipeline for extracting objects and spatial relationships from images using Azure OpenAI Vision API.
- Structured visual outputs into JSON context objects containing detected entities and spatial relationships.
- Reduced LLM hallucinations by grounding responses with structured JSON context derived from visual analysis.
- Integrated Speech-to-Text and Text-to-Speech for real-time conversational assistance using Azure APIs.
- Developed FastAPI backend with React front end to process images and deliver contextual audio responses.

COMPETITIVE PROGRAMMING

LeetCode: Solved 200+ Data Structures and Algorithms problems

HackerRank: 5-Star in Problem Solving, Java, and Python

ACHIEVEMENTS

- Ranked in the Top 100 of the 87k+ teams in the Adobe India Hackathon 2025.
- First Place – 24-Hour Hackathon, Rajeev Gandhi Memorial College of Engineering and Technology (2025).
- First Place – Coding Competition, Rajeev Gandhi Memorial College of Engineering and Technology (2025).

EXTRACURRICULAR

- The Codes (Coding Club) – Lead
